# Our main goal

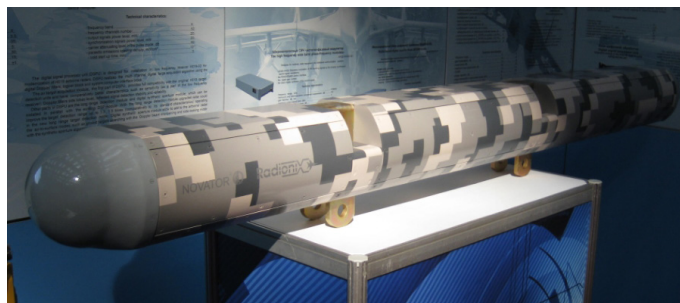

**The goal of the FEU Defense is to strengthen the defense capability and economic capacity of Ukraine by:**

— maximum provision of the needs of the Armed Forces in modern and high-quality weapons by the forces of domestic producers;

— increasing Ukrainian defense industry's own production;

— increasing the sector's role as a driver of economic growth and job creation.

We create a synergistic effect and strengthen cooperation with the Government, Parliament, as well as members of the Security and Defense Forces of Ukraine in order to jointly prepare legislative initiatives, develop regulatory and legal acts that will give impetus and accelerate the development of this important industry enterprises.

### We coordinate actions to:

- represent and protect the interests of defense enterprises in Ukraine and at the international level;
- improving the business climate and increasing the transparency of the rules of the game in the field of development and production of weapons and military equipment;
- increasing competitiveness and innovativeness of the industry;
- establishment of effective communications with the customers;
- attraction of domestic and foreign investments;
- expansion of partnership with foreign associations of producers in the field of defense industry;
- increasing the volume of exports of Ukrainian manufacturers and maximizing their promotion on foreign markets.
